

**Thank you for being a part of our community!**

It's been a rough year, but we are so happy to continue connecting with all of you through movement, percussion and the ongoing fight to dismantle white supremacy! We've been in development and planning mode for the past few months. Now, with Vanessa Sanchez's first quarter as a Guest Artist Lecturer at UCSC, we are excited to share some new work and virtual performances! Please continue to mask up, take care of yourselves and each other. In solidarity with the fight against police brutality and the systemic violence against Black, Asian and Indigenous communities today and always. #Closethecamps

A promotional poster for the performance 'Pachuquismo'. At the top, the title 'Pachuquismo' is written in a black, gothic-style font, followed by a red rose icon. Below the title is a photograph of a stage performance. The background features a large screen displaying a group of seven women in various styles of dresses and blouses. In the foreground, three performers are on stage: one in a blue and white outfit, one in a red dress, and one in a dark coat. A musician is partially visible on the right side of the stage. At the bottom of the poster, there is text: 'Booking 2021 virtual screenings and 2022 in-person dates!' in bold black font. Below this, there are two boxes: a pink one on the left that says 'NEFA subsidies available!' and a black one on the right that says 'LamezclaSF@gmail.com for more info' in white text.
